### State Entity Grants:

\*changes are highlighted

#### Active Grants

KSHS Statehouse Visitor Center:

- **Interactive Kiosks for Capitol Visitor Center Lobby**  
Acquisition, installation, and configuration of the hardware and software to support three (3) touchscreen interactive kiosks for the Capitol Visitor Center lobby. \$50,000
- **Building Directory Location Services Application**  
Development and implementation of a building directory and location services application to guide visitors to their desired location in and around the Capitol. The directory and location application will be delivered through the interactive

kiosks and, if feasible, on the web and via a mobile app. \$10,000

## **INK Initiatives:**

### **KBC Restricted Fund**

Amount Requested: \$500,000

Total Expended: **\$119,684.30**

Remaining Balance: \$382,465.70

Nature of Request: Explore and implement training and regulatory applications and services from a centralized destination for starting, maintaining and closing a business in Kansas

- Discussions held with representatives from MIT and GovLab. Travel and accommodations paid: **\$10,044.30**
- KBC report created by Dazza Greenwood: Amount Paid: **\$35,000**
- Programming performed to integrate electronic transactions for Annual Reports application from leading CPA software. Reported as 40% of all Annual Report transactions that are currently not captured electronically.
  - Invoice(s) received and paid for cost of third party programming to develop CPA electronic integration. Amount Paid: **\$75,000**
- **Much of this month was spent with meetings regarding this initiative. Have met with both the Content team, (SOS, Network Kansas, KDOR, KIC, INK) and the Technical Team (KDOR, SOS, KIC, OITS) to discuss and understand what functionality is desired by each team.**
- **It was decided that an INK project manager would not be hired until after the Phase 1, due by Sept. 2, is complete.**
- **There still exists process and security questions and concerns and the respective teams are working the issues to discover solutions or alternatives**
- **It has been reiterated in both team meetings that INK will take over the project at the conclusion of Phase 1.**

### **KDWPT RFP**

- The contingency contract if the bid was successful has been executed. The contract asserts INK's financial support for the RFP. Revenue generation for INK is negotiated to return 60 – 80% of the potential revenue within the first three to five years.
- The RFP was submitted on time.
- As of the date of this report, no correspondence has been received from KDWPT.

### **Avamar Updates**

- The Va. and Tx. facilities were upgraded to Avamar v7.
- KIC notified INK that the NIC server experienced extremely high CPU utilization and required restarting. Although not confirmed, it is believed the Avamar update and the Oracle database version may be causing the issue.
- Updates to the Avamar server have been postponed since 5/13/14 so as to not destabilize the portal and agency applications.
- Currently, the Texas facility is being used to test an upgrade the Oracle database and further test that the backup can be run successfully. NIC is working closely with Oracle and Avamar technicians. If the test is successful, the solution will be deployed in the Va. facility.
- Once the Avamar backups are reinitiated, the system will go back to the last update and begin replicating the changes to the INK Avamar server.
- Met with Mit Winter or Alexander Open Systems (AOS) and EMC representatives to discuss the upgrade of INK's Avamar server to increase capacity and uplift the operating system.

- The upgrade will require coordination with KIC/NIC technicians to ensure operating system compatibility.
- I have requested that AOS provide capacity reports on the existing INK Avamar server to determine the timeline for the requirement to increase the size of the memory.
- Preliminary bid for the upgrade is approximately \$27k. This amount is essentially the same amount expended for the current server with the increase of memory from 2 terabytes to 8 terabytes.
- NIC successfully upgraded Avamar source to version 7.
- Backup to INK QAvamar has resumed. NIC has implemented VDMK backup following Robert Brady and Minihan's requests. This reconfiguration of the backup will provide a greatly reduced time to recover the Avamar from days or weeks to hours.
- Currently waiting for Avamar backup to catch up in order to calculate load capacity and ongoing memory storage requirements.. Have talked with AOS and EMS to have them provide the capacity reports.

## **State Participation**

**Information Technology Executive Council (ITEC):** (Executive council comprised of private and public representatives charged with the adoption of IT policies for the state enterprise (All Branches) ITEC chairmanship is rotated every year between the three CITO.)

- Did not meet in June

**Information Technology Advisory Board (ITAB)** (Agency CIOs and senior managers of state information technology ITAB is chaired by the Executive Branch CITO)

- Met May 20<sup>th</sup>.
- Received updates on various projects. Of note was the K Trips application. This application replaced the INK developed motor carrier permitting and KARDS applications. The budgeted net revenue decrease to the portal exceeds \$40,000. The demonstration detailed how a trucking company can use the application to route across Kansas for oversize/overweight loads and permitting requirements without having to contact KDOR or KDOT, saving the trucking company time. After providing information about the load, the application provides a route across or within Kansas that will accommodate the size or weight of the load.
- INK was properly notified of the discontinuance of the Motor Carrier Permits but not notified of the discontinuance of the KARDS application.

**Information Technology Security Council** (State agency representatives who provide oversight and policy recommendation to ITEC regarding IT security issues for the state. The council is chaired by the Chief Information Security Officer (CISO))

- June meeting was cancelled.

**Kansas Partnership for Accessible Technology (KPAT)** (The Kansas Partnership for Accessible Technology (KPAT) addresses web and information technology accessibility issues and provides related policy, standards, guidelines, and procedural recommendations. KPAT is chaired by the state Accessibility Coordinator, Cole Robinson)

- Did not meet in June

**Information Technology Identity Management Group (ITIMG)** (State agency, universities, external organizations and Secretary of State representatives who meet to develop policies and regulations to forward the usage and adoption of electronic identity management through the use of Public Key Infrastructure (PKI) The group is chaired by Ivan Weichert, Kansas Geographic Information Officer)

- June meeting was cancelled.

**GIS Policy Board** (The Kansas GIS Policy Board is responsible for the development of standards, strategies, and policies that emphasize cooperation and coordination among

agencies, organizations, and government entities in order to maximize the cost effectiveness of GIS by creating public and private partnerships throughout Kansas.)

- Did not meet in June.

## INK Executive Director 2014 Goal Tracking:

- Finalize migration of state data to Avamar
  - Spent early part of November reducing the size of the backup on the Avamar server. Required cooperation between OITS personnel, NIC and INK consultants.
  - Recovery test began 12/3/13. Infrastructure put in place.
  - Discovered database size substantially larger than expected. Cordero server crashed. VMs built and ready.
  - Authorized 3Tb volume be added to Cordero infrastructure.
  - 12/5/13, VPN tunnel between Avamar and Cordero down.
  - 12/11/13, VPN tunnel re-established.
  - 12/12/13, network issue encountered with Cordero
  - 12/17/13, network issue resolved
  - 12/18/13, core dump discovered during recovery initiation, Operating System mismatch identified
  - 12/20/13, First restores begin
  - 12/26/13, Cordero identified backups do not match disk layout. Documentation provided to KIC/NIC
  - 12/28/13, Restores proceeding, expectation is to have backup completed by January 2<sup>nd</sup>.
  - 12/2/13, All app servers restored, seven utility servers in progress
  - 12/2/13, All servers are up except database. Will begin in morning of the 2<sup>nd</sup>. File servers identified as not part of the list of servers. Waiting on response from KIC/NIC. Have reached out to network manager for scheduling teleconference to resolve. The effort is frustrated with changes being made to the backup files and file structure without notification of the change.
  - Conference call held 1/6/14 with NIC/KIC/INK and INK contractor. Issues with backup methodology utilized by NIC/KIC identified and resolution described by INK contractor. NIC requested time to review the suggested changes with a follow up call scheduled on 1/9/14.
  - Conference call held 1/9/14 with NIC/KIC/INK and INK contractor. NIC has agreed with and implemented creation of proxy NFS server. Server has been integrated into the backup files on the INK Avamar. INK contractor to begin restoring NFS server and continuing with the development of recovery documentation.
  - Conference call held 1/28/14 with Brady and Minihan. Brady reported the size of the files contained on the Avamar have doubled and the throughput between the OITS and Cordero hosting environment will require greater than 6 days to recover. Options were discussed and we decided to move forward with the recovery in order to test the applications. Once recovery is completed, we will review the issues identified in this year's recovery and work with NIC, OITS and Cordero to develop resolutions.
  - Received notification from OITS stating AOS to perform a Dell Block Upgrade on the Topeka Avamar. It has been asserted the upgrade will have no effect on the update schedule to the data from NIC. The upgrade is scheduled for April 7, starting at 8:30 AM CDT.
  - Upgrade was performed with no issues.

- Within next few months will be working with consultants to schedule the timeline of this year's recovery of the Avamar in a Cordero environment.
  - The Va. and Tx. facilities were upgraded to Avamar v7.
  - KIC notified INK that the NIC server experienced extremely high CPU utilization and required restarting. Although not confirmed, it is believed the Avamar update and the Oracle database version may be causing the issue.
  - Updates to the Avamar server have been postponed since 5/13/14 so as to not destabilize the portal and agency applications.
  - Currently, the Texas facility is being used to test an upgrade the Oracle database and further test that the backup can be run successfully. NIC is working closely with Oracle and Avamar technicians. If the test is successful, the solution will be deployed in the Va. facility.
  - Once the Avamar backups are reinitiated, the system will go back to the last update and begin replicating the changes to the INK Avamar server.
- Lead effort to obtain input for portal RFP/RFI
    - Strategic plan discussion will lead next steps
    - RFP determination will be discussed at the May 2014 meeting.
  - Develop and present to Board a communication plan for legislative, judiciary and agency partners in the third quarter of evaluation
    - Have reached out to Terri Clark to schedule a meeting with Legislative CITO to discuss scheduling meetings with selected Legislators.
    - Will be working with board members for input.
  - Develop and implement tool for monitoring customer satisfaction among major customers. Conduct annual survey to identify successes and improvement areas.
    - Have developed various customer satisfaction surveys. The four surveys are designed to address INK's different customer groups: Existing Agency customers, Prospective Agency customers, Existing public customers, Project Development Summary. **(the surveys are attached separately)**
  - Monitor and report on INK's Strategic plan on a monthly basis.
    - Provided monthly in Executive Director report.
  - Identify executive leadership development opportunities for the Executive Director.
    - Continue to seek out opportunities.
    - Was invited to speak at Mobile Marketing Strategies Summit in Feb.
      - Travel approved by Board Jan. 2014
      - Received email from Summit organizer stating attendance volumes were less than expected and they deleted the portion of the summit in which INK would have spoken. Basically, we got told thanks.
    - Have discussed with Anthony for additional appropriate opportunities
  - Develop set of action items following each board meeting.
    - Included in monthly Executive Director Report.
  - Continue to maintain open communication with the Network Manager.
    - Ongoing
  - Develop orientation plan for new Board members
    - Developed board member packet for new members.
    - Have met with all new members to review.
    - Encourage any clarifying questions.
    - Continue to meet periodically with members
  - Continue to construct a Board calendar for monthly re-occurring agenda items.

- Included in monthly Executive Director Report.
- Develop customer surveys to better understand customer needs
  - Provided in May 2014, four separate surveys designed to provide specific information from individual functions within the agency, i.e., business managers, technical contacts, and INK subscribers.

## Executive Summary

Kansas.gov is staying very busy and productive as the month of June is wrapping up. Many of the highlights this month revolve around the Kansas.gov portal:

- The KIC team was engaged in many discussions and meeting with stakeholders regarding the Kansas Business Center initiative. Working towards a short-term goal of delivering updates by September 2, KIC is dedicating many resources towards this project.
- KIC Director of Technology, James Adams, continued his participation in the Amber Alert Technical Working Group. Comprised of members from KIC, law enforcement, emergency management, and media, the working group strives to find ways to improve communications regarding Amber Alerts.
- KIC Business Development Manager, Todd Smith, and KIC Director of Marketing and Operations, Ashley Gordon, attended the 2014 Kansas County Treasurers Association Conference in Manhattan, KS. Held June 18-20, KIC enjoyed the opportunity to connect with and support our local government partners.
- KIC Business Development Managers, General Manager and Director of Marketing attended the June 17th Kansas Department of Revenue Stakeholder Advisory Board meeting.
- KIC Business Development Managers and Project Managers had a busy month! BDMs launched 12 products to both state and local government entities. PMs launched 2 PCRs to our state partners.

KSBTP – 2013 Updates	Jan 14	1	1	1	1	1	1	1	1	<p>On August 15, 2013 we requested that 2 words be added to one page of our on-line renewal process. Request [sic] was sent to Jenna [sic] Coates. On Sept. 25 we received a request for information from Jenna. On Sept. 30 we received a message from Jenna stating that the change would be made before the renewal period opened on Nov. 1st. We assumed that everything was done and opened our renewal cycle as scheduled. On Dec. 3 we received a PCR from Barbie Flick stating a completion date of Dec. 31st. The process was finally [sic] completed on December 23rd. The renewal period ended on December 31st. Those who renewed from Nov. 12 to Dec. 23 did not respond to a complete disciplinary question.</p> <p>In 2013 we had to dismiss two counts from a disciplinary matter because we did not know that the wording in the online question was not the same as the wording in our paper documents. That is what prompted the change request. We were extremely disappointed that we were never informed that this wording was not changed before the renewal period opened. The service we receive from Kansas.gov is not reliable. It takes entirely too long to make a very simple change. Sometimes we don't have the six to</p>
