Overview

The 1991 Kansas Legislature created the nation’s first electronic government portal with the passage of KS 74-9301 et seq. Years ahead of its time, this visionary statute established the Information Network of Kansas (INK) to increase and enhance electronic access to Kansas government information and services. Since 1991, the INK has provided the oversight and direction to create over 400 applications and services and host more than one hundred websites for the state-sponsored entities of Kansas.

The INK Grant opportunity is made possible from the proceeds generated from the services developed to provide enhanced access to government information. INK’s grant funds are invested in state government sponsored entities to further our mission to provide increased access to information and improve the quality of the information delivered to the citizens and businesses of Kansas and beyond.

Grant Submission Procedures

Grant Applications

This section outlines the process for preparation and submission of a grant application to the Information Network of Kansas. Please note that non-compliance with any grant application policy or guideline may result in the rejection of an application.

Grant applications must be completed in accordance with the approved publicly published application. Grant applications are available from our web site https://ink.kansas.gov/grants/ or from the INK office. INK staff can also download the application to a USB drive provided by applicants or email the form upon request.

Grant applications and all attachments become the property of the INK. Information contained in the grant application package cannot be guaranteed to be confidential given the open nature of the evaluation process. We recommend all applicants make an additional copy to be retained in their files.

The grant application and all attachments or enclosures should be submitted on unfolded 8½” x 11” white paper and by Portable Data Format (.pdf) electronically. Folders or binding covers are not necessary.

Eligibility

Grants will be permitted for agencies of the government of the State of Kansas or any of its political subdivisions.
**Grant Application Content**

All grant applications shall include one (1) complete, printed original copy, and one (1) complete electronic copy.

The following grant content submission should be **strictly** followed:

1. Cover sheet
2. Enclosure Checklist
3. Cover letter (not more than two pages briefly describing your agency and the purpose and/or benefits your agency would derive from the award of the grant. The letter should be on agency letterhead and signed by the Executive Sponsor.)
4. Grant application (INK provided)
5. Applicant agency Secretary or list of Board of Directors or Trustees, if applicable. (Include names, addresses, phone numbers and officer positions in your agency)
6. If the state entity submitting the grant request is subject to state Chief Information Technology Officer (CITO) project approval for the project being funded, a proposed project template document must accompany the grant request. (Please refer to the Kansas Information Technology Office website for requirements). [http://oits.ks.gov/kito/epmo](http://oits.ks.gov/kito/epmo)
7. If your project involves a partner agency or is to serve clients of another agency, you must submit a Letter of Endorsement in support of the grant request from an official of the affected agency(ies).
8. Proposals, project budget, bids or estimates of the project to be funded.
9. Photographs of the facility or project, if applicable.
10. Any additional supporting information (typically optional, but may serve to enhance the application)

**Grant Application Delivery**

Grant applications are to be completed and mailed or delivered to the INK office within the following windows:

Spring Cycle: Submit beginning May 1st through last business day of May

Fall Cycle: Submit beginning November 1 through the last business day of November
Applicants may call the INK office to ensure the application has been received or is considered complete. However, no approval status of the grant application will be provided prior to the formal written notification.

An applicant may be allowed to correct deficiencies in the application, but only if these corrections are added or incorporated prior to the published delivery deadline.

**Additional policies for application delivery are:**

1. Hand-delivered applications **must** be received in person by INK staff.
2. INK will not accept or be responsible for applications left at the door.
3. INK Board members are not allowed to accept or deliver applications.
4. INK staff members are not allowed to accept applications other than in our office at 900 SW Jackson St. Rm 114 Topeka, Kansas 66612. There will be no exceptions.
5. Mailed applications must be postmarked no later than published deadlines.

**Application Corrections**

All applications received during the Spring and Fall window for submission will be screened for completeness by the INK staff. Applicants may be contacted and allowed to make corrections or additions to an application only if such corrections are made prior to the published deadlines. Applicants are strongly advised to deliver or mail the applications early to allow for this opportunity.

**Mini-grants**

INK has established a method to award mini-grants during any monthly meeting. Mini-grants are restricted to small, one-time, unplanned, or emergency situations such as unexpected equipment purchase or repair, imminent safety issues, or special event support. Mini-grant awards may not exceed $5,000. The following guidelines apply:

1. Prior to submission, mini-grant applicants should call the INK Office at (785) 296-2408 or contact Duncan Friend at duncan.friend@ks.gov to discuss your need and determine any additional information that may be required.
2. Mini-grants are submitted via one-page letter and a completed Grant Request Form. The letter should describe:

   A. The total amount requested
   B. The project requiring this funding
C. Why the project is considered an emergency or cannot wait for the traditional grant cycle.

D. An explanation of how the use meets the grant application criteria outlined in the regular grant application.

E. Whether funding has been requested from the Legislature and the outcome, and, if not, why.

F. Confirmation that all procurement processes legally applicable to the organization will be followed in the procurement.

3. Request letters must arrive at the INK office prior to 5:00 pm on the day before the monthly INK Board of Directors’ meeting (typically, the first Thursday of each month).

4. Additional information or attachments may be submitted.

**Special Grants**

A vast majority of grant applications can be planned ahead of the scheduled window for grants submission and submitted during the Spring or Fall Grant Cycles. However, INK is aware that some state or federal grants require matching funds and are announced on short notice. These types of grants may have submission deadlines outside the window of the scheduled INK grant submission periods. To support agencies and state-sponsored entities that are pursuing these types of grants; the INK will accept these types of grant requests at any time. The following guidelines apply:

A. Special grants will only be considered if the funding desired is time-sensitive in nature.

B. Priority will be given to special grants that leverage external funding to support a project.

C. A one-page letter explaining the situation and a completed grant application will be required; including a complete application to the external grant making entity. Contact the INK Office at (785) 296-2408 or Duncan Friend at duncan.friend@ks.gov as soon as possible to discuss the project and determine the documentation INK will need to make a decision.

D. Although there is not a limit to the amount of a Special Grant request, grant amount awards will be subject to the INK Board’s discretion and the grant funds available at the time of the request.
**Grant Application Preview**

INK’s goal is to award the maximum amount of funds to improve the quality of life to Kansas citizens and businesses throughout Kansas. Complete applications increase our ability to make fair and proper grant award decisions.

Time permitting, INK staff is allowed to preview grant applications, make recommendations to improve the application, or assist applicants in answering questions or providing any required information.

**Grant Announcements**

The INK Board of Directors has the final authority and responsibility for approving or rejecting and announcing all grant applications. Typically, granting decisions will be made at the regular monthly meetings in January and July upon report of the Grants committee and publicized by the middle of the following months.

INK is not responsible for any grant award announcements except by formal letter from our staff.

INK staff or INK Board members are not authorized to release any information on the status of a grant application prior to final board decision.
Grant Assessment

**INK Assessment Methodology**

The INK Board statutory and strategic objectives are used to rate each grant proposal. The INK Board assigns each of the objectives a percentage weight to emphasize the Board’s direction and focus. The following table shows the weights and rating criteria.

<table>
<thead>
<tr>
<th>Statutory Objectives</th>
<th>Objective Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Increase Citizen/Business Access</td>
<td>Provide access to existing or develop new or enhanced services to increase the number of users utilizing electronic government services.</td>
</tr>
<tr>
<td>Align to State Initiatives</td>
<td>Strive to ensure application and service development supports the state IT planning.</td>
</tr>
<tr>
<td>Expand Portal Information</td>
<td>Increase the quantity or quality of the information available through the state portal.</td>
</tr>
<tr>
<td>Improve Access Technologies</td>
<td>Where appropriate, use new or enhanced technology to improve the manner in which users access data or the manner in which data is provided.</td>
</tr>
<tr>
<td>Revenue Generation</td>
<td>The portal is self-funded and receives no state appropriated funding. All development must be funded from applications and services desired in the market.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Strategic Objectives</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Market Adoption (2-year potential)</td>
<td>Emphasis will be placed with applications and services which affect the largest number of constituents.</td>
</tr>
<tr>
<td>Integrated Services</td>
<td>Strive to increase the level of data integration with data providers or customers to maximize information efficiency.</td>
</tr>
<tr>
<td>Extensible (reusable) design</td>
<td>Develop applications and services which may be reusable by other entities or other applications and services.</td>
</tr>
</tbody>
</table>

Figure 1.6: Rating Criteria

The rating criteria are designed to gauge how well the proposed request aligns to INK’s statutory and strategic objectives.

**Grant Approval Process**

All INK Board members are required to declare any conflict of interest pertaining to any personal, professional or agency interest in any grant application. Grant requestors are strongly discouraged from lobbying the INK Board of Directors & Grants committee members. Violation may result in the disqualification of the application.

The INK Board of Directors shall determine the amount available for granting purposes during their annual budgeting cycle. Grant amount availability shall be determined for each of the Spring and Fall granting periods. These amounts are meant to provide granting requestors approximate grant amount availability. The INK Board of Directors reserves the ability to alter the grant amount availability. Grant requestors are encouraged to contact the INK office for available grant amounts prior to submission.
INK employees are not voting members of the Grants Committee and participate in the grant making process to provide agency grant request clarification, administrative assistance to the Grants Committee and providing any board member information on a project or agency at their request.

The Grants Committee Chairperson may assign advisory committees and advisory committee chairpersons. Advisory committee reports are submitted and presented to the Grants Committee for review and recommendation determination for submission to the INK Board of Directors.

Once any applicable advisory committee has concluded their work, the Grants Committee shall meet as a whole to review advisory committee reports, score and/or rank all grant applications. The final assessment of the Grants Committee for all grant submissions shall be presented to the INK Board of Directors as a recommendation for approval or rejection. Grant committee recommendations will not be provided prior to submission to the INK Board of Directors.

The INK Board of Directors will make a final determination on the disposition of all grant applications. The INK Board of Directors’ decision is final and will be announced via formal letter to each applicant agency.

**Distribution of Funds**

Disbursements may be made only to the applicant agency unless the agency provides justification to the Board as part of their application that payment must be made some other way. Disbursement of grant funds is contingent upon certification by the grant awardee of compliance with procurement laws, regulations, policies and procedures required by their government jurisdiction. Funds are typically provided within thirty working days after a copy of a paid receipt, purchase order, invoice or an accepted bid is delivered to the INK office. In some cases, funds may be released to a successful applicant upon receipt of documentation supporting an unusual need.

**Reporting**

The INK Board of Directors requires each recipient of a grant award to submit a quarterly report on the status and progress of the project. The quarterly report should include at a minimum, current status with respect to milestones identified in the grant application. Reports are due on the tenth business day of the months of January, April, July, and October. Failure to supply quarterly reports will result in the delay of grant disbursements.

Upon conclusion of the grant, the INK Board of Directors requires a final report detailing the results and benefits of the grant award and may request a presentation from the grant recipient to discuss the results of the grant.
**Grant Period and Extensions**

Unless otherwise approved by the INK Board of Directors, INK grants must be completed within the term of the grant award. Extensions for a period not to exceed six months may be requested in writing but will require approval by the INK Board of Directors.

Description of Requestor’s Primary Services

Response:

A. Please describe the vision of the project.
Response:

B. Please describe how the need is supported/required by Federal law, Kansas Statute or County/City ordinance
Response:

C. Please describe the benefit to requestor, State, and the public.
Response:

D. If the grant is to create an application, is the application envisioned to have a fee associated with the use of the application or is the application free for use by citizens, businesses or governments? Please place an “X” on the appropriate line.

☐ Fee  ☐ Free
E. Please select the area of service to which the grant benefit will best apply

☐ Commerce          ☐ Health & Human Services
☐ Legislative (e-Democracy)  ☐ Transportation
☐ Infrastructure        ☐ Public Safety
☐ Natural Resources     ☐ Education

☐ Other (please explain)  Response:

G. Date grant would be desired?

H. Please provide the amount of funds or number of resources your entity will be contributing to the project?
Response:

I. Please provide the following:
Project Start Date:
Project End Date:
Milestones and Dates:
Payment Schedule with Dates:

The Information Network of Kansas has determined eight objectives used to evaluate and prioritize all requests for grants. Each of the objectives is further assigned an objective weight percentage to reflect the INK Board’s strategic direction. Those objectives with higher weight percentages will be weighted more heavily in the evaluation. The weighted percentage has been supplied for each of the objectives below.

J. Please provide a brief description of how your request satisfies the following INK objectives?

a. Increases Citizen/Business Access: (25%) 
   Please provide your description and number of the potential users your entity anticipates would utilize the service as a result of granting your request.
   Response:

b. Align to State Initiatives: (15%) 
   Please describe how your initiatives align with the State’s Strategic Information Management Plan, Three Year IT Plan or your agency’s strategic plan.
Response:

c. Expand Portal Information: (10%)  
Please describe how the request will expand the quantity or quality of the information provided through the portal.  
Response:

d. Improve Access Technologies: (10%)  
Please describe how the request aligns with the Kansas Technical Architecture and will expand the use of technology or how it incorporates new technology.  
Response:

e. Revenue Generation: (10%)  
If your request is expected to generate revenue, please describe the partnership with the portal and provide the potential annual revenue to your agency.  
Response:

f. Market Adoption: (10%)  
Please describe your expected percent of total market adoption rates for the first two years.  
Response:

g. Integration: (10%)  
Please describe how your request is designed to integrate with the portal, within your agency and/or with other agencies.  
Response:

h. Extensibility: (10%)  
Please describe how your request may potentially be extended or reused by other agencies.  
Response:

K. Please provide a brief analysis of the cost/benefit for your grant request and anticipated return on investment, if applicable.  
Response:

L. Please provide an explanation of why you are not using existing resources or requesting resources through the Legislative process.  
Response:

M. Please provide a brief explanation of the procurement process in your jurisdiction applicable to the purchase of any goods or services for which grant funds will be used and certify that you plan to follow these processes and provide documentation of compliance upon request.
Please submit your request to:
Information Network of Kansas
900 SW Jackson Rm 114
Landon State Office Building
Topeka, Kansas 66612

The INK Board of Directors approves grant requests for disbursement on a semi-annual basis. All grant requests must be received during the grant windows outlined in the Granting Policies and Procedures document. Grant applications received outside those windows will be considered by the Board during the next window. All grant requests will be reviewed. Upon determination or if additional information is required, you will be contacted.
